Downtown Syracuse

centro Main Offices

Welcome to Centro

The Central New York Regional Transportation Authority (Centro) provides safe, convenient, and reliable public transportation services throughout Central New York, seven days a week. Centro connects residential areas with the region's most significant employment districts, shopping centers, educational and medical facilities, and entertainment venues throughout Onondaga, Oswego, Cayuga, and Oneida counties.

Centro Transit Hub

Located in the heart of Downtown Syracuse, the Centro Transit Hub serves as the main transfer location for Centro's Syracuse bus system, as well as a connection point to Centro's Auburn and Oswego bus services. Many routes continue through Downtown, providing cross-town suburb-to-suburb service without the need to transfer buses. In some cases, however, riders must transfer from one bus route to another to complete a one-way trip.

Transferring

Upon boarding the first bus, pay your fare, and request a Transfer from the bus operator. When boarding the next bus, insert the Transfer into the farebox as payment. Transfers are issued with an expiration time, so be sure to board the first available bus at your transfer location.

Schedules & Holiday Service

Bus schedules are available at select locations throughout Onondaga County, at the Centro Transit Hub and online at: www.centro.org. Riders may also contact Customer Service at: (315) 442-3400 to obtain arrival and departure information.

Centro Syracuse buses operate the Sunday schedule on the following holidays: New Year's Day, Memorial Day, 4th of July, Labor Day, Thanksgiving and Christmas. Centro's inter-city services to Auburn and Oswego will not operate on these holidays. Please check individual schedules for specific service information.

During periods of construction and severe weather, Centro service may operate alternative routing (detours and Snow Routes). Call ahead to verify your route status or sign up to receive Centro's route status notification service: Email-Text@Alerts
